These boats will connect, at Galena, with the St. Louis & Galena daily line of Steamers, & thus form connects at Rock Island with the Chicago & Rock Island Railroad.

This Company's Boats being U. S. Mail Steamers, their punctuality can be confidently relied upon.

Freight shipped as St. Louis or between St. Louis and Galena, on the St. Louis & Galena line of Boats to points above Galena, will be re-shipped at Galena free of charge for drayage or forwarding, and without delay.

The Railroad between Galena & Chicago, connecting with the various Eastern Roads, is now completed within a few miles of Galena, and the unfinished portion of the Road stocked with comfortable Stage Coaches.

## TRANSPORTATION.

EUROPEAN IMMIGRATION

TO BOSTON.

CANADIAN & WESTERN STATES!

—BY—

Train & Co's Line.

Steerage rates of passage from Liverpool to Boston:

For persons 12 years and over, - - - $25,00
For children under 12 yrs at time of embarkation, 20,00
For children under 12 months " " 5,00

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two cwt. of Tea, 5 cwt. of Sugar; 5 lbs. of Oatmeal; 2½ lbs rice; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants), are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

Passengers will have to defray their fare and expenses to Liverpool, and on a rival there be sold at auction, or conveyed to TRAIN & CO'S Office, No. 113 and 119 Waterloo Road.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *London Price*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give pre-paid passengers the necessary instructions regarding their route westward

ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice that they have made extensive arrangements with the Western Rail Road Corporations, in connection with the Rail Roads in the Western States, and Steamboats on the Lakes, for the forwarding of *pre-paid passengers* from Boston to the Canadas and Western States; and are now selling at their office in Boston, and at their *authorized agencies, pre paid certificates of passage* to

The fare leaving Greenock or Londonderry, and Queenstown, Cork Harbor, Liverpool, Eng.

Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.

Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 23d, 1849.

"I am happy to testify, from personal knowledge, that the Line of Ship Owners known in the City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their ability to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK,
Bishop of Boston.

This is the only Packet conveyance between Boston and Liverpool, and offers superior facilities for passengers returning.

TAPERING OFF.—The Janesville *Gazette*, which charged us some time since with persevering and "malignant" hostility to Janesville, and pointed to our columns "for two years past," in proof of this charge, in answer to our demand for specific evidence to sustain its unfriendly and unjust accusation, now puts in the following plea:

THE PRESS.—The Sentinel calls upon us to prove from its columns its unfriendly feelings towards Janesville. An open warfare is not the practice of the Sentinel when it can accomplish its object by covert means. The unfriendly feeling we have spoken of has been exhibited *by a studied suppression of almost everything that would tend to aid the town*, and a vindictive hostility to a road highly important to its interests.

We submit to our readers, in and out of Janesville, whether this is not, in fact, a *cognovit* on the part of the *Gazette*—a substantial admission that it could not make good its specific charge and therefore took refuge in a "general demurrer."

To the above general complaint, as to the previous specific one, we answer, that the *Sentinel* has suppressed *nothing* that "would tend to aid Janesville," has invariably spoken of it in kind and commending terms; has again and again noticed its growth, improvements, and various industrial enterprises; and always takes pleasure in copying from its Janesville contemporaries, paragraphs indicating the progress and prosperity of their fine town. We can but regret that the *Gazette's* benighted vision should persist in seeing "hostility to Janesville" where nothing of the kind has ever been felt, or manifested.

### A New Hotel.

The Commissioners appointed to open the books and receive subscriptions to the stock of the Milwaukee Hotel Company, give notice that they will enter upon that duty at 10 o'clock *to-day*, at Mr. Mygatt's Office on Michigan Street. The necessity for a new first class Hotel in this city is self-apparent, and we have so often urged the matter upon the attention of Capitalists and Property-owners here, that we shall not multiply words on the subject now. We shall content ourselves with saying that the project is once more started under favorable auspices; that a large amount of the sum required is already pledged; that the investment is sure to yield a fair return, in mere matter of dollars and cents; and that for the want of such a Hotel our City suffers, in money and reputation, more than the cost of such a house every year. This being the exact state of the case, should there, or *shall* there be any further delay in building a NEW HOTEL?—Let those who are of opinion that it ought to be done, proceed to notice it manifest by appearing at Mr. Mygatt's office *to-day*, and subscribing, according to your means, in aid of the good work.

Read the following, from the Chicago *Democrat*:

The former proprietors of the City Hotel have sold their lease for $10,000. E. H. Aikin, Esq. of the Garden City House, has sold his lease for the amount which [illegible] added to the profits for the last three years, will give him the snug sum of $25,—[illegible] Throop, Esq., is the owner of the [illegible] City House.

Messrs. Gage, of the Tremont House, some time since were offered $100,000 for their lease. We learn that their profits for the first year reached the nice little sum of $45,000.

THE GROVER CASE.—The bail of S. M. Booth surrendered him on Saturday morning to the U. S. Marshal. On petition, a writ of *habeas corpus* was issued by Hon. A. D. SMITH, one of the Judges of the Supreme Court. The Marshal made return to the writ, and accompanied the defendant to the Judge's house. The examination in the case was postponed to 10 o'clock this morning, when it is to take place at Young's Hall. Byron Paine and C. K. Watkins Esq., for defendant, District Atty. for the U. S.

☞ The Milwaukee *Sentinel* condoles with us because the *Wisconsin* and Madison *Argus* have spoken decently upon the *Gazette*.—*Janesville Gazette*.

Not at all. We have no possible objection to the papers named speaking "decently" about the *Gazette*, or any body else. Our condolence was prompted by the significant fact that the *Wisconsin* and Madison *Democrat* endorsed the *Gazette's* criticism upon the politics of the *Sentinel*.

VESSEL SOLD.—The schooner *Bonenteel*, formerly of this port has been purchased for $2,100 by a Chicago Lumber Dealer, and will ply between Muskegon and Chicago. The *H. N. Gates*, of 70 tons, 7 years old, has also been purchased for the same trade, for $4,50.

ARRIVALS AT NEW YORK.—Up to the 21st inst. 121 sail of vessels have arrived at New York during the current month, bringing 48,051 passengers from foreign ports. The immigration for the month will largely exceed that of the same period in any previous year.

THE EDINBURGH REVIEW.—We are indebted to LEONARD SCOTT & Co., 79 Fulton St., New York, for an early copy of the Edinburgh Quarterly for April. Its leading articles are: 1. Mormonism: 2. John Locke; 3. French Protestant Refugees; 4. Memoirs of Moore; 5. The National Gallery. 6. Italian Autobiographies; 7.—Confiscation; 8. Consumption of goods in Great Britain.

Messrs. Leonard Scott & Co. send their re-publications to subscribers at $3.00 a year for one Review: $5 for two, $7 for three, $8 for four, and $10 for the four and Blackwood's Magazine.—They are the repositories of the best British talent, thought, and scholarship, and are delightful as well as instructive reading.

ANOTHER MAMMOTH CLIPPER.—Donald McKay, at Boston, has just launched the clipper ship *Champion of the Seas*, of 2447 tons register. Her mainmast is 42 inches in diameter, and 127 feet to the top of the pole. Her main yard 94 inches in diameter, and 95 feet long.

RAILROAD GOODS AT TOLEDO.—We are authorized to say that all the goods for the West which have accumulated at Toledo, will be started for Chicago by Wednesday the 17th inst. in regard to the delays which have occurred at that point, we also learn that the Southern Michigan Railroad Company has not solicited freight through routes or otherwise, its officers feeling fully satisfied that quite as much business would press upon their road without solicitation as they could possibly accommodate.—*Chicago Democratic Press.*

The warehouses [illegible]s of the road here are now pretty [illegible]ly cleared of the accumulations, and all freights for the West arriving here, are forwarded without detention.—*Toledo Republican.*

THE PROSPECTS OF THE WHEAT CROP.—We have before us "the opinions of the press" from twenty-seven different localities, scattered over the principal wheat growing States of the Union, and from them think that we can form a very good estimate of the growing crops. Those from N. York and our own State, nearly all, speak with confidence of at least a good yield; while those of Maryland, Virginia, Michigan, Indiana, Illinois and Wisconsin, are about equally divided between the hope of an abundant harvest and the fear of a poor one.—*Sandusky Register.*

Where the Register gets its information relative to Wisconsin, we cannot imagine, for there could not by any possibility be a better prospect for the wheat crop.

OUR REPRESENTATIVE.—The *Sentinel* of Friday announces that the vote of John B. Macy on the Nebraska Bill should be closely watched—that he has already given two votes to cut off debate—voting in opposition to the rest of our delegation in Congress, and the friends of freedom generally. It is said "blessed are they that don't expect anything, for they are never disappointed." So we say of our representative. Whether we ought to have any confidence in his regard for freedom or not, we have not got it,—never had.—*Fond du Lac Freeman.*

The *Freeman* has learned before this time that Mr. Macy's vote, if it was not recorded *for* the bill, was missing, which would answer all the purpose of those whom he serves.

## The Great Iniquity.

### WHO IS RESPONSIBLE FOR IT?

We present to our readers to-day a full list and classification of the vote in both branches of Congress on the Nebraska Bill, as it finally passed.—It is quite probable that, two or three errors exist in it, as the footings do not quite tally with the totals reported by telegraph. HOUSE OF REPRESENTATIVES:—*For the Bill:*

| Whigs from Free States | *None!* |
|---|---|
| Democrats " " " | 43 |
| Whigs " Slave " | 13 |
| Democrats " " " | 53 |
| Total | 109 |

*Against the Bill:*

| Whigs from Free States | 40 |
|---|---|
| Democrats " " " | 45 |
| Whigs " Slave " | 7 |
| Democrats " " " | 2 |
| Free Soilers | 3 |
| Total | 97 |

The footings are wrong in some respects, as the roll vote was 113 to 99, but we give it as nearly accurate as possible.

We have not space for extended comment today, but present to the people the names of the Northern Senators and Representatives, whose votes were recorded for the bill, that they may be marked for the future:

SENATORS: Brodhead, of Penn., Cass and Stuart of Michigan, Douglas and Shields, of Illinois; Gwin and Weller of California, Norris and Williams of New Hampshire, Thompson and Wright of New Jersey, Toucey of Conn.

ALL "DEMOCRATS!"

REPRESENTATIVES: Ingersoll of *Conn.*, McDougall and Latham of *California*, Henn of *Iowa*, Miller, English, Dunham, Lane, Hendricks, Davis, Eddy, of *Indiana*; Richardson, J. C. Allen, Willis Allen, of *Illinois*; Clark and Stuart of *Michigan*; Macdonald of *Maine*; Cummings, Walbridge, Walsh, Tweed, Walker, Cutting, Westbrook, Rowe, Taylor, of *New York*; Lilly and Vail of *New Jersey*; Hibbard of *New Hampshire*; Disney, Green, Olds and Shannon, of *Ohio*; Florence, Robbins, Witte, McNair, Brydges, Straub, Wright, Packer, Kurtz, Dawson, of *Penn.*

ALL "DEMOCRATS" again!

Massachusetts, Rhode Island, and Wisconsin gave no votes for the bill, but the first two voted full against it, no vote missing. From Wisconsin, two, Messrs. Eastman and Wells, voted No, but the third, John B. Macy, *dodged*, which is equivalent to a vote *for* the bill.

TRUTH IN A NUT-SHELL.—The following laconic communication, which appears in the Detroit *Inquirer*, is equally well calculated for this latitude:

EDITOR OF THE INQUIRER.—You will confer a favor on the citizens generally by calling the attention of the Council to the filthy condition of the city. A FRIEND TO HEALTH.

For the Daily Sentinel.

### The Swill Carts.

*Messrs. Editors:*

I saw in the *Sentinel*, of the 24th, inst., an article signed G., complaining of the nuisance of "swill dogs" as something still more unpleasant than the itinerant "organ-grinders" of New England. Now, I being from a City a *little* further South; my incumbrances there were still greater than those of this apparent descendant of the "Pilgrim Fathers:" for while passing the hurdy-gurdy-man with his baboom dancing at a distance. I heard the cry of "cat-fish" from one of the "fair sex" who carried some dozen of them on her head with more seeming care than I can my hat! On the other side walk went the old iron-man with his hand-cart, shouting "old rags, broken glass and gum shoes;" while a lady of color came in the opposite direction, crying "hot corn! hot corn!" But notwithstanding all this, I also had to come to Milwaukee, to see dogs so cruelly treated as to be obliged to haul barrels, the contents of which are indeed unpleasant. I cannot pass them without pity for the dogs and scorn for their leaders. I generally, however, clear the track when I see the retinue coming. Now if our City Fathers would stop this, people might keep the side walk, dogs might get rest, and boys might be better and more becomingly employed.

### A New Military Company.

At an adjourned meeting held on Thursday evening, May 25th, at Furlong's Block, for the purpose of organizing an Independent Military Company, fifty persons enrolled themselves and adopted the name of Milwaukee Sarsfield Guards, and elected from their body the following officers:

*For Captain*—John Jennings,
" 1st *Lieutenant*—Edward McGarry,
" 2d *Lieutenant*—Edward O'Neil,
" 3d *Lieutenant*—Patrick McDonogh,
" *Ensign*—Martin Butler,
" *Orderly Sergeant*—Paul Foley.

On motion the meeting adjourned.

JOHN JENNINGS *Chairman*,
JOHN HORAN *Secretary*.

A FREAK OF NATURE.—A cow, the property of a German farmer in Germantown, Wash. Co., gave birth a few weeks ago, to a calf with two distinct and perfect heads, and with the hind legs and tail of a horse. It is now in this city, well stuffed, and in perfect good order. The owner is trying to sell it to some amateur of curiosities.

EMIGRANT SHIPS ARRIVED. The following vessels arrived at New York on the 22d;

| Name. | From. | Passengers. |
|---|---|---|
| Guttenberg, | Hamburg, | 289, |
| Agnes, | Bremen, | 224. |
| Metropolis, | Havre, | 454. |
| Davenport, | " | 190. |
| Princess Louisa, | " | 129. |
| Augusta & Agnes, | Hamburg, | 127. |
| Louisa, | " | 129. |
| Corear, | Bremen, | 83. |

Three ships, the *Corinthian*, *William Layton*, and *Montezuma*, are ashore on Squam Beach, but the passengers and their luggage were taken off safely.

VERY COOL.—The Buffalo commercial, Fillmore's organ, wants *Seward* to run for Governor of New York next fall. He is too shrewd for that, as it is now certain that he will be the Presidential candidate in 1856 of the Anti-Slavery party.—*Wisconsin* of Saturday.

The *Wisconsin* is entitled to the credit of nominating WILLIAM H. SEWARD for the Presidency in 1856. May we not count upon our neighbor's "aid and comfort" in that fight, should its prediction prove true?

A SMALL MUSS.—An extra from the Baraboo *Standard* informs us that some 50 females turned out on Tuesday last, in that village, to destroy the contents of a liquor shop. It was strongly fortified however, and after a row in which a great excitement was got up, the Sheriff read the Riot Act, and the crowd dispersed.

THE SHORTEST PASSAGE YET.—According to a telegraphic despatch from New Orleans, the steamship United States, arrived there, brings intelligence of the arrival of the clipper ship Flying Cloud, at San Francisco, in the unprecedented short time of eighty-eight days from New York.

PENNSYLVANIA PUBLIC WORKS.—It is stated that a company of capitalists has been formed, with ex-Governor Johnston at the head, which will bid $11,000,000 for the Main Line. It is also stated that the Camden and Amboy Company will give 12,000,000.

### The Issue Made Up.

From the Buffalo Democracy.

The issue between Freedom and Slavery is fully made up by this Bill. The People will manage it on the part of the North, and disembarrassed by scoundrels, traitors, and cowards, they will strip from the Republic every withe and strand of Human Slavery. That monstrous outrage shall no longer cripple and discredit the Great Republic. Wherever the hands of freemen reach it, under the Constitution of the Government, they will tear it off and put it from sight.

There will be no second performance of the Disunion Farce, upon this occasion. That childish and dishonest dodge, was more than expended, in bild of the last conquest of the South over the North. The conquest of the North over the South will be pursued summarily and perseveringly, till the Slave Labor States in this Confederacy are brought where God designed them to be—in subjection to the Free Labor States.—And there they will be kept till the operation of natural, and social, and political influences, shall have caused Slavery to be absorbed by Freedom, and have lifted the African from the statutory level of a beast, up to the dignity of complete manhood. There will be no manner of profit in new attempts to save a Union *that never will be dissolved*. A dissolution of the federal ties, would be utter and instantaneous ruin to the Slave States. They know that, keenly. And we know it too. The natural allies of the Slave Power, who will now feel an instinctive impatience to whine peace, and deprecate sectional excitement, and counsel forbearance, may as well take notice, that their once profitable occasion is gone. Snuffling and hypocrisy will not heal this wound. The South has got to go to the wall.

MRS. MOWATT'S FAREWELL IN NEW YORK.—The *Tribune* says: On Saturday evening Niblo's beautiful house was crowded with the largest audience ever assembled therein, to give a parting greeting to Mrs. Mowatt, who purposed on that occasion to bid farewill to the stage. The outside pressure at the doors was unparalleled, and hundreds of persons were obliged to go away unsatisfied, finding it impossible to get even into the lobbies. During the performances Mrs. M. was almost constantly applauded, and at the close she was vociferously called for. There was a little delay in her coming, and when she did appear she stated that she had been waited upon by a committee of gentlemen, who had induced her to promise that she would give one more preformance before leaving the stage. This announcement was hailed with the greatest satisfaction by the audience. We believe the 3d of June has been suggested as the evening for this appearance, and then she will retire forever from the stage.

Special Dispatch to The N. Y. Tribune.

### THE CUBAN BUSINESS.

WASHINGTON, May 22.

I understand that Lord Elgin's mission to this Government is of a semi-official character, and relates mainly to the Spanish question. He brings the most cordial assurances from his Government of its friendly disposition towards the United States, and is empowered to offer its services as umpire in the difficulties growing out of the seizure of the Black Warrior. He is anxious to learn from the Administration precisely what it really wants and expects of Spain. It is understood that the Administration will abate the demand for a pecuniary recompense to a merely nominal sum, inasmuch as since the instructions were originally sent to Mr. Soule, the ship and cargo, on which the original claim was based, have been released. The pecuniary claim will thus not be a difficulty. The second point relates to the demand made by our Government that we shall not be compelled in future to go to Madrid to settle such questions, but that the Governor of the Island shall be empowered to grant prompt redress for such outrages upon our flag. It is on this point that difficulty may be made. The tender of the good offices of the British Governmentgoes to the texten of securing all possible concessions from Spain on this point, although it is one of the most delicate character. The obtaining an acknowledgment from Spain that in the case of the Black Warrior the Cuban authorities acted with inexcusable precipitation and severity, and that will be reprimanded therefor, and admonished to act with more circumspection in future, is thought to be of far easier accomplishment.

The policy of the Administration, we learn, is to hold on to the Cuba question, and keep open the subject of war with Spain until the Nebraska excitement subsides.—*N. Y. Tribune.*

### Obituary Notice.

Milwaukee, Wis., May 1, 1854.

*Dear Sir*:—Please permit me a small space in your columns, as one most appropriate for noticing the decease, by lung fever, on the 27th of April, of a most valued communicant of St. James' Parish, in this city; viz., Mr. Richard Scarrit, formerly of your State. He was born in 1787 in Wallingford, Conn., where he resided, I believe, until about seven years since, when he removed to Wauwatosa, five miles from this city, in this State.

Here as at home, Mr. Scarrit was respected and beloved of all who knew him. Born and nurtured in the bosom of the Church, and in which for nearly or quite fifty years he has been a devoted Communicant, his piety was calm, consistent and pure. Like the path of the just, which 'as the shining light, shineth more and more unto the perfect day,' so has been his course. He hath quietly, and as a Christian, passed away. But few comparatively in this noisy, bustling life have regarded his *departure*, for it was like 'the light of one of the stars of Heaven fading into open day.' But by those to whom he hath long been better known than by any here on earth, he hath no doubt met with a triumphant entrance among the 'spirits of the just.'

In this Western World, where there is so little of consistent and unobtrusive piety and Churchmanship, that of Mr. S. was a rarity indeed, and deeply valued, by those who could appreciate it.

He left a widow—not 'to mourn his loss,' but to look forward to a re-union—who is also a devoted communicant of the Church. He also left grown up children.

'Let me die the death of the righteous, and let my last end, be like his.'

Respectfully, his
—*Hartford Calendar.* PASTOR.

### American Diplomacy at Madrid.

From Our Own Correspondent.

PARIS, May 3, 1855.

A series of ridiculously untrue articles have lately appeared in *The London Times*, written by its Madrid correspondent, in explanation of the proceedings of Mr. Soule on the Black Warrior affair. The facts of the case are as follows, and derived from a source which places their authenticity beyond question:

On the arrival of the special messenger, Mr. Winslow, with instructions, Mr. Soule prepared and sent to the Spanish Minister of Foreign Affairs, M. Calderon de la Barca, a very calm, clear and firm demand, containing two propositions: first, indemnity; secondly, guarantee for the future by the appointment of a diplomatic agent at Havana, with the powers to meet these cases.—This was delivered to M. Calderon, with a request for a *prompt* response, but not specifying the time which was allowed to make the response. At the end of twenty-four hours, Mr. Soule, receiving no reply, another note was sent, to substance the same as the first, and adding that if at the end of twenty-four hours a response was not received, he should take it for granted that the Spanish Government approved the action of the Cuban authorities, and he should act accordingly. This was delivered by the Secretary, Mr. Perry, to M. Calderon in person. When M. Calderon had finished reading the note, Mr Perry coolly drew out his watch and said:

"Your Excellency will please observe that it is now 12 o'clock; at 12 o'clock to-morrow, precisely, I shall be here for a reply."

"Holy Virgin! young man, what do you mean?" exclaimed the Minister; "only week and a Sunday "intervening: it is impossible!" (It was holy week in Madrid—a season devoted to meditation and cards.)

Mr. Perry left. Before the termination of the twenty-four hours Mr. Soule received a response from M. Calderon, stating that it was out of the power of the Government to act in the matter, inasmuch as they had received no official intelligence from Cuba to guide them in their negotiations, and adding that the manner of Mr. Soule clearly indicated that the Government of the United States was much more for a difficulty than for a settlement.

To this Mr. Soule responded again, reiterating his first demands, and adding—rather impertinently—it must be admitted—that he was satisfied that full information had been received from Cuba, and that in reference to the design of the United States, they sought only a prompt settlement of the difficulty in order to preserve peaceful relations which existed between the two countries: that the continued insults which the Cuban authorities had offered the United States had so exasperated the people that a prompt settlement would be found the surest guarantee of continued peaceful relations.

At this stage of the proceeding, the Queen sent for Mr. Soule, who, it may as well be here repeated, *is* in favor at the palace, while on the contary, Calderon is hated by her. Her Majesty, who indulges in a very strong diet, into which brandy and cigars enter largely, and who is not very choice in her language, wished to know of Mr. Soule what the row meant between him and M. Calderon. On Mr. S. stating the case, she stamped her foot violently on the floor, and said that "Calderon was a d—d fool; that she wished Soule would manage the affair so as to get her rid of him, and she advised him *to press him hard!*" It is generally thought in diplomatic circles in Paris, that between Mr. Soule and the Queen, Calderon will be brought to a conclusion —of some kind.—*N. Y. Tribune.*

### Progress of the Fox River Improvement.

The speedy completion of this great work of Internal Improvement is no longer a matter of doubt—it will soon be a matter of fact. As the day when this event will take place draws near, it is gratifying to know that the reasons which led to its commencement promise to be more than realized. Already we are beginning to enjoy some of the fruits of this magnificent enterprise in the commercial importance which it is giving our city, and the prominence with which it is bringing the whole Valley of the Fox River before the country as a favorable and inviting region for emigration. The opening of another spring will, in all human probability, find us in full possession of the means of daily communication with the flourishing cities that stud the shores of the lakes in one direction, and the newly founded villages that line the banks of the Mississippi in another—making Green Bay the place of transhipment for the valuable and enormous trade destined to be carried on throughout this wide spread territory.

The Company under whose management the work is now being prosecuted with so much energy and zeal, are entitled to the thanks of the people of this portion of the state. They have surmounted obstacles that would have proved impassable barriers to men of less determination and firmness. We are glad we can congratulate them and the community on a full view of the successful consummation of their labors.—*Green Bay Advocate.*

CROPS.—We have enquired of farmers from various parts of this County, as to the present appearance of crops—the probability of an abundant harvest—and all are unanimous in the expression that crops of every description never had a more favorable appearance, and strong in the belief, that, should nothing interpose to prevent it, there will be a rich harvest throughout the County. The past winter has been most favorable for winter crops, and they look exceedingly well.—*Waupaca Spirit.*

THE CROPS.—The growing crops in this County look well for an abundant harvest. The late rains have given new life to the sown grains, which now cover the ground so that they will not suffer should the season remain dry. Winter wheat looks well—Spring wheat and oats, of which an unusual quantity is already heading out. The corn crop is less forward—some fields are up, but the greater part is now being put in. The corn season, however, is yet in advance, and there is time enough for "seed time and harvest." Fruit is well set, and should there be no heavy frosts to destroy it, there will be a beautiful supply of all kinds—we never saw wild blossomes more abundant, and vegetation generally is unusually forward.—*Jeffersonian.*

DEATH OF AN OLD PIONEER.—We take the liberty of making the following extracts from a letter written by Mr. JOHN G. KITTSON, communicating the intelligence of the death of one of the oldest inhabitants and traders of this whole region: "I have to inform you of the departure of another of the old pioneers of the west—Mr. STANISLAUS SHAPPEE—who died on the 6th of May, 1854, at his residence on the Meuomonee river, at the advanced age of eighty-eight years and our months. The deceased was well known to all the old settlers of this entire western world. He lived a strange life in the bosom of primeval forests, and saw strange and startling changes in his time. He was a native of the parish of L' Assumption, Canada East, and came to Green Bay when he was only seventeen, and consequently has resided here about seventy-one years. During the greatest part of his life, he was in the employ of the American Fur Company as a trader and traveler, and had roamed the broad country between the lakes and the Rocky mountains. He was respected and highly esteemed by all who know him, and his loss is deeply mourned by his numerous relatives and friends."

It is a singular fact, which has often been observed, that nearly every one of the hardy trappers and hunters—those adventurous and light-hearted *couriers de bois*—who came here at an early day, and finally made it their permanent abode, attained to a hale, hearty, enjoyable and serene old age—some of them standing erect under the weight of more than a hundred years—so favorable to longevity has our climate proved itself to be.—*Green Bay Advocate.*

DAMAGE TO THE MINERAL POINT RAILROAD.—We are told that the heavy rains of last week washed away several thousand yards of earth from the track of the Mineral Point Railroad, on a portion of section seven that was not complete. This break, however, will soon be repaired, and the work pushed forward to completion, as fast as possible.—*Mineral Pt. Tribune.*

RAILROAD OBSTRUCTION.—John Davis residing about 18 miles from the city upon the Illinois and Wisconsin Railroad, was arrested and brought to the city yesterday for placing obstructions on the track of that road. He was examined and held to bail in the sum of $1,000 for which he gave security and was discharged from custody.—*Chicago Press.*

### CIRCUIT COURT---May Term.

JUDGE HUBBELL PRESIDING.

SATURDAY, May 27.

The La Crosse and Milwaukee R. R. Co., appellee, vs. Ernst Zoutkie, appellant. Verdict of jury, $700 damages.

### POLICE COURT, MAY 28th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE

The only business transacted in the Police Court, was the issue of a warrant against a man for fast driving on Spring Street Bridge.

THE COURT HOUSE SQUARE.—The rank growth of clover in the Court House square requires the jailor, or whoever has charge of the premises, to turn in a flock of sheep for several days.—This would *feed down* the clover, and thus make it thicker at the roots, forming one of the finest grass plats in the city. The idea advanced in the *Wisconsin* of Thursday over the signature "Parent" is entirely wrong. The Court House square was never intended as a play ground for children but simply as an ornamental space in front of the County Buildings. Ten children would do more harm than fifty sheep on the grass, and to the trees. We have frequently seen children running round there catching at and swinging on the trees, when *officers were absent*. We have seen but one cow, and one horse in there and that only for a short time. We repeat again, what the grass wants, is *feeding down*, and children of small and large growth kept from running on the plats and from pulling and hauling on the trees. The trees belong to the County and to *all* the children in it, and would "Parent" like to see a thousand children playing there every day? Other children have as much right to play there as his; from every Ward in the city, they have an *equal* right, without distinction. If all the property of the County was taken as good care of, as the Court House, Jail, and square, it would be a good thing for every *parent* who pays taxes. (REP.)

M. & M. R. R. TRAINS.—To-day, and hereafter, till further notice, the passenger trains on the Milwaukee and Mississippi R. R. will run as follows:

*Westward*; Morning train leaves Milwaukee at 7, 30 A. M.,—arrives at Janesville at 11, and at Madison at 12 40.

Afternoon train leaves Milwaukee at 5, 15 P. M., connecting with the boat from Chicago, arriving at Janesville and Madison the same evening.

*Eastward*; Morning trains leave Madison at 3 A. M., and Janesville at 5, A. M., arriving at Milwaukee at 8, 30 in time for the boat for the East.

Afternoon trains leave Madison at 1,30 P. M., and Janesville at 3,30 P. M., arriving at Milwaukee at 7 P. M, to connect with an evening line of boats Eastward. Passengers will be ticketed through from Madison to Chicago at $5,00, and from Janesville to Chicago at $3,00.

HARRISON'S EXTRACTS.—We invite attention to the advertisement of HARRISON'S PERFUMERY &c., by his agents, Messrs. BOSWORTH & SONS. of this city. Mr. Harrison has undertaken the manufacture of these toilet comforts and luxuries in this country, at No. 10 South 7th St., Philadelphia, with the ambition of making a better article than the European, of pure materials, and to make a reputation for his wares which shall secure them a very extended sale and use. So far as we have become acquainted with his articles, they well deserve the patronage of the American public. We have seen from his establishment, a case of vials of Extracts, comprising the Clematis, Verbena, Citronella, Rose, Orange, Carcline, Bouquet, and Spring Flowers, which are not only put up in elegant style, but are deliciously flavored. We recommend our lady readers to supply themselves with Harrison's articles forthwith, when they wish to gild refined gold, or paint the lily.

WISCONSIN FRUIT GROWER'S ASSOCIATION.—See the notice of the meeting of the Executive Committee of this Association, which promises so much good to the State. We hope to see the Association sustained by a very large list of interested members.

THE MURDER TRIAL.—The second trial of CONNAUGHTY for the murder of GULLEN in June 1851, is set down for this morning, in the Circuit Court. A strong effort will be made by the defendants counsel for his discharge on the ground that he cannot be tried twice for the same offence; that if not *legally* convicted on the first trial, he is entitled to his discharge, under the constitution.

☞ The steamer *Arctic*, Captain Butlin, arrived on Saturday afternoon from Chicago with 216 passengers and a large load of freight, mostly merchandize.

MUSICAL SOCIETY.—The programme of the 41st Concert for the members, to be performed tomorrow evening, will be found in our columns this morning. Lovers of good music always find a treat prepared for them on these occasions.

REAL ESTATE.—A notice of city lots for sale by J. H. CRAMPTON, real estate agent, is worthy of notice.

NOTICE TO CONTRACTORS.—Parties accustomed to the erection of bridges upon a large scale, and in difficult and dangerous situations, are invited to send in proposals for the erection of a bridge over the great slough crossing East Water St. at the foot of Wisconsin St. A good and sufficient draw must be provited, so that navigation shall not be obstructed or delayed. Proposals will be received at the office of the Street Commissioners until they get ready to build the bridge, or pay somebody damages for broken carriages.

CHOLERA COMING.—In cities not far distant we hear of cases of cholera occurring. We notice that the Aldermen of the 3d Ward—perhaps we are mistaken, for if the story is true, it is the first time they have done anything on East Water Street—we say that *somebody* is taking pains to preserve carefully all the filth in the gutters, by pouring in gravel, so as to make a compost of it. Suppose that unfortunate street graded, guttered, paved, and with good flag sidewalks, would it not be in a better condition?

THE SAULT ROUTE.—The steamer *Troy* is on the way up to take the place of the *Garden City*, under the command of Capt. SQUIER.

FALSE.—We learn from some of the officers, that the rumor of a body being found in Granville is incorrect. No body was found, and the German who was looking land, has turned up all right.

REAL ESTATE SALE.—The site in the Second Ward, heretofore occupied by Blossom's Brewery, which was burnt down a year ago, has been purchased by a gentleman from Cincinnati for $12,000. He intends to erect a large Malt-House on the spot.

GOODS FOUND.—A large portion of the goods stolen from the store of Mr. Milton, a few weeks since, have been found and returned. They were found by two boys, in a mineral hole, a little north-west from town, where they had been secreted by the burglars. We understand that most of them were somewhat damaged by the recent rains.—*Mineral pt. Tribune.*

THE CROPS.—In this section of the State crops of all kinds are doing finely. Every thing exhibits a vigorous and healthy growth. Our farmers are happily increasing in numbers and making material improvement in their systems and modes of culture. They find ready market for all they can spare; and the high prices, combined with the large yields of their lands, has had the effect of encouraging them to renewed actively.—*Green Bay Advocate.*

## Fugitive Slave Riot in Boston.

First Fruits of the Nebraska Bill.

Boston, May 27, 1854.

There is a great excitement in this city, growing out of the Fugitive Slave case. The examination commenced on Thursday, and was resumed this morning before a crowded court, while three thousand persons were gathered outside. During last night, people were discussing the case in the most excited manner.

The Deputy U. S. Marshal was shot dead during the night, and the Governor has ordered out the militia.

2d Dispatch.—The examination is still proceeding, amidst the most intense excitement, the multitude outside increasing. The Riot Act has been read. The Independent Cadets and Boston Light Infantry are quartered at the City Hall; the Light Dragoons are also on duty.

Mr. Batchelder, the Marshal who was shot, leaves a family. All the watch and police are on duty

The meeting of last night is denounced by the more moderate opponents of the Slave Law.

Burns' counsel have asked a continuance till Monday. Several of the rioters have been arrested.

A detachment of U. S. Marines guard the Court House.

On the 16th Col. Fremont arrived from his mid-winter survey of the Central Railroad Route in latitude 37. A report given by Col. Babbitt of the sufferings of the party was much exaggerated—he lost only one man. Col Fremont reports the route very favorable—only 4 inches of snow in the main path of the Rocky Mountains. He says that the Patowan Basin route cannot follow latitude 37, but must turn southward as far as 36 to cross the Sierra Nevada—or must go north as far Noble's Pass in 41 latitude. His report will contain much important information.

Election of a Know-Nothing Alderman.—Abel B. Munroe was to-day elected to fill a vacancy in the Board of Alderman by over 1,200 majority. He was the candidate of the "Know-Nothings."

The Northern Bank.—This is the name of a new banking institution in this city, which is about to commence operations. It takes the place of K. A. Darling's banking house, doing business in the same room. Mr. Otto Tank, is President; E. Conklin, Vice President; and J. S. Baker, late Bank Comptroller of this state, Cashier. The stockholders and officers of this new bank are so well known throughout the whole west, that it is unnecessary for us to do more than simply announce the fact that they are connected with this monied establishment to secure to the confidence of the business community. They are both responsible and honorable men.—*Green Bay Advocate.*

An Idea from a Shell.—Few of the fair ladies who patronize the present backward style of "loves of bonnets," know the origin of this new fashion. We can tell them. A few months ago in Paris, a little curly haired girl was playing near an oyster vender's store, and having found a large clam shell she tied it on the back of her head, and went on with her play. A fashionable *modiste* and milliner of that gay and inventive metropolis, happening to be riding by, noticed the *coiffure* of the child, and applied the idea at once to a new style of bonnet, which has crossed the Atlantic, and has here given rise to the new definition of *nothing*, i. e. that part of a lady's head upon which the bonnet is.

☞ The people of Milwaukee celebrate to-day with becoming ceremonies the opening of the Milwaukee and Mississippi Railroad to Madison, the capitol of Wisconsin, over one hundred miles, we believe, from Milwaukee. It is an event that they well may celebrate. When our Oakland & Ottawa road is done half way to Lake Michigan as their road is half way to the Mississippi, we will have a celebration too.—*Detroit Tribune.*

When do our Detroit friends propose to have that celebration?

Information Wanted—Of James Haskins who left his father's residence, in the town of Royalton, Co. of Waupaca, Wis., in company with James Terrell, a lad 15 years of age. The former is seventeen years of age, and left the above named place, on or about the 13th day of May. Any information, as to his whereabouts, addressed to Harley Haskins, town and Co. above stated, would be thankfully received by the afflicted parents.—*Waupaca Spirit.*

Fraudulent Sales.—Real-estate property continues to change hands briskly in this city, and at greatly advanced prices.

The demand for choice business lots is very active, and a greater number of new firms opening business than at any former period. This speaks well for the prosperity of our city.—*Fond du Lac Herald.*

Destructive Fire in Richmond—Gen. Scott's Property Destroyed.—Yesterday morning, between 1 and 2 o'clock, a fire broke out in a large three story brick dwelling-house, the property of General Winfield Scott and lately occupied by I. A. Geldin, Esq., on the corner of Grace and Sixth streets. This fine building was entirely destroyed, and an adjoining three story brick house, owned and occupied by Corbin Warwick, Esq., very seriously damaged, before the firemen succeeded in arresting the flames. The roof and the two upper stories of the latter were burned, and Mr. W.'s valuable furniture damaged by fire, water and breakage to an amount believed to be not less than $4,000, on which there is an insurance of $500 in the office of the Ætna Company.

The house formerly occupied by Mr. Thomas Ritchie, Sen., adjoining the residence of Mr. Warwick, was saved, with slight damage, thro' the exertions of the firemen. Gen. Scott's loss is covered by an insurance of $5000, and Mr. Warwick's by $5200 in the Mutual Assurance office of this city. The fire, evidently the work of an incendiary, was communicated to Gen. Scott's house, which was unoccupied and undergoing some repairs at the time. In view of the late hour at which the fire occurred, it is wonderful that the whole block of fine dwelling houses, extending westward on Grace st., did not fall a prey to the flames.—*Richmond Enquirer, May 19.*

### IMPORTANT TO RAILROAD CONTRACTORS.

HAVING the entire agency of STOWELL'S EXCAVATING AND GRADING MACHINES, for the state of Wisconsin, I take pleasure in informing contractors and the public generally, that I shall be able to furnish them after the middle of June with the best excavating machine now in use, and one that will do the business. This machine is drawn by seven yoke of oxen, and will load into carts or waggons from six to ten hundred cubic yards per day, at a cost of not more than fifteen dollars.

This machine can be afforded for the small sum of $700 and will do the work of 75 or 100 men, and more work than the best steam excavators that cost from $8,000 to $8,000.

For reference see card below.

We the undersigned having witnessed the practical operation of one of B. T. Stowell's excavating and grading machines on the Mississippi & Rock River Railroad, on the works of Messrs. Healy, Holman, Sims & Co., where it is stated in to casts, earth composed of sand and clay, at the rate of three loads per minute, and we cheerfully recommend it to the public as a machine of the first importance for that purpose.
